Lab 4

Description

Using the CSS layout methods that we have looked at over the last two lessons, apply the CSS properties that are described in the provided HTML document.

Instructions

1. Download the provided zipped folder.
2. Create a new folder and call it lab-4.
3. Extract the files/folders that are found in the provided zipped folder, moving them to the folder that you just created.
4. Open the HTML document and follow the instructions found in the HTML comments.
5. Upload the lab-4 folder to your server and submit the URL to Blackboard along with a zipped folder of the finished lab.
